Mozaza Logistics requires the active commitment to, and accountability for, QHSE from all employees and contractors. Line management has a leadership role in the communication and implementation of and ensuring compliance with QHSE policies and standards.

- Set Quality and HSE performance objectives, measure results, assess and continually improve processes, services, and quality through the use of an effective management system;
- Plan for, respond to, and recover from any emergency, crisis or business disruption;
- Minimize our impact on the environment through pollution prevention, reduction of our natural resource consumption and emissions, and the reduction and recycling of waste;
